

EverSilver supports the work of World Childhood Foundation

EverSilver has designed the bracelet “Flower” and for each sold bracelet, 10 EUR is donated to the World Childhood Foundation to support its work in improving the lives of children living in vulnerable conditions around the world.

- We are very happy that EverSilver has chosen to donate part of their revenue to Childhood . All contributions to vulnerable children are incredibly valuable and I hope that those who buy the bracelet will feel proud to have contributed to a good cause, says Ellika Mårtenson at Childhood.

The baby’s first tentative attempt to explore the world, crawling or tottering on small feet, is at the top of the flower.
